SPRITZER & FUHRMANN

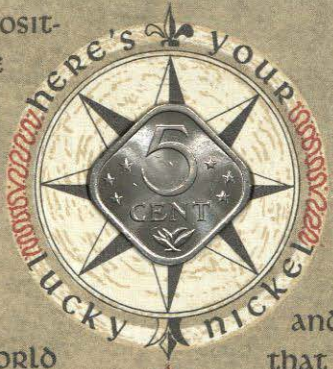
IN NEW YORK 5 E 57 ST AT FIFTH AVENUE 4TH FLOOR

Legend tells us that the strange shape of this 5-cent piece represents ARUBA's GEOGRAPHICAL POSITION at the centre of the four corners of the earth.

TRUE OR NOT, IT CERTAINLY DOES REMIND US of the merchandise that fills our shelves - exquisite gifts from all over the world - exclusive continental jewelry, fine watches, unusual objets d'art, bone china, crystal and sterling.



BY APPOINTMENT TO HER MAJESTY THE QUEEN OF THE NETHERLANDS JEWELERS

each is carefully selected by CHARLES FUHRMANN and his aides, as they roam the world in an endless search for new designs and interesting articles.

KEEP THIS STRANGE COIN. MAY IT BRING YOU GOOD FORTUNE as the legend says and we add our sincere hope that it may also bring you back to visit us in the near future.
